

Prayer for Today 6th July 2020

Dear friends, today, we keep hearing bad news over Coronavirus updates. Naturally, we get worried and feel uncomfortable. So we pray to God in this prayer:

Dear God

We are anxious and feel uncomfortable about what is going on around us especially this Coronavirus pandemic. We ask you, O God, to give us your peace in our minds and in our hearts.

We also ask you to give a special blessing to those people who are sick. Please give them your comfort, your peace and your strength. Give those who are sick your special care, mercy and love.

God, we know that you love all your people. Receive our prayer, and the prayers of all your people.

Jesus, pray for us. Mary, mother, pray for us.

Amen.
