

#06 Prayer Series

Prayer of St Francis of Assisi

Today, I invite you to pray the prayer of St Francis from Assisi. He lived many centuries ago Assisi in Italy. He is the saint who wanted peace in our world.

So we pray:

Dear God, I turn to you to communicate with you. Our world looks like a mess, we worry about people without jobs, those who are sick with the virus, also those who have died from the virus alone and with many things that disturb us, so please help us all. List of things I pray

1. God, make us full of peace and make the world peaceful
2. Places in world there is hate, let us be kind and loving in the world - people around us
3. Places in world where people hurt one another, may we always forgive
4. Many times, we feel doubt, may we look up and find faith
5. When we all feel despair, may we find hope now and in future
6. When our minds feel dark and foggy, give us light to understand clearly
7. When our hearts are full of sadness, give us joy, change our attitude, and may we give joy to others in our life.

God, we look to you as we struggle in life, please look at us and see us all. May we thank you and give you praise and honour for being with us always.

AMEN
