

Prayer to the Holy Spirit.

Holy Spirit working among us,

Fill us with gratitude for education and appreciation for all teachers. We know many parents have become “teachers” of their children during this lockdown time, and we ask your blessing upon them as they continue to guide and support children still studying at home. This year COVID has been a challenge for all schools, families, students and parents, and we ask that your gifts of knowledge, wisdom, and understanding continue to guide us through this uncertain time.

Holy Spirit please encourage us to benefit from opportunities for learning throughout our lives. Bless us with strong minds, grateful hearts, and willing hands to manage all that happens to us. Give us hearts that never become tired of caring, supporting and accepting all people whom we meet, and who help us to learn and to grow, to develop and to become more aware of the needs of others.

Holy Spirit, we pray in gratitude for your presence within us, your gifts alive in us, and your guidance of us in all we do. Amen.
