

## Prayer of Confidence

Ever-living God,

You gifted us with Saint Mary MacKillop and her life inspires us to never lose hope. Give us confidence in your strong presence in our lives, especially in the difficulties we face.

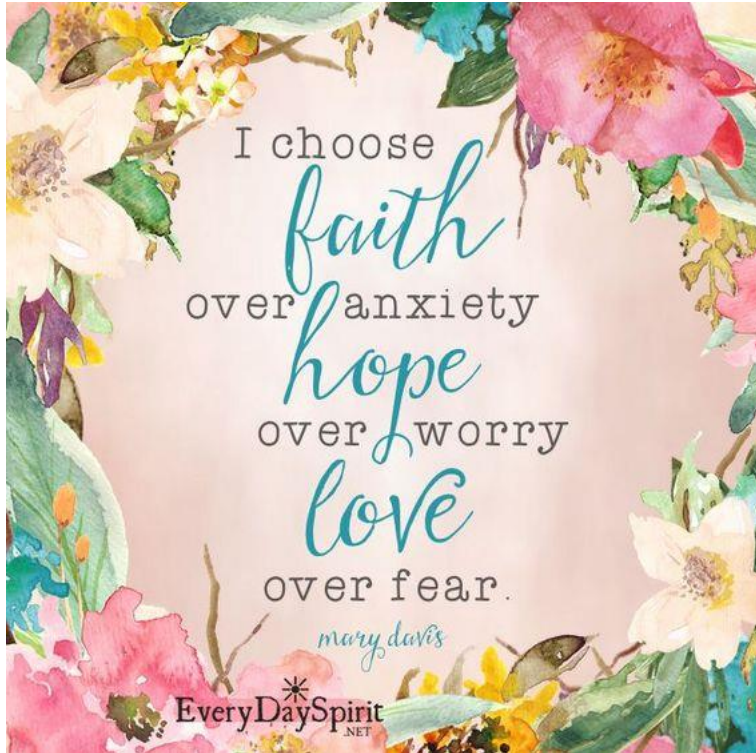

This year has been very difficult for all of us, and there have been many dark moments of death, fear, uncertainty, isolation, loneliness, concern, hopelessness, and worry. As we move closer to Christmas and the end of 2020, help us to live in hope for the New Year and a positive outlook for the future.

For all who have suffered trauma, injustice, illness and despair we ask that you, loving God, be with them and fill their hearts with hope. Bless us with deep confidence in your presence, with sincere generosity, and with courage and humility.

May we share our lives and gifts with others through Christ who journeys with us.

Amen.

I choose  
faith  
over anxiety  
hope  
over worry  
love  
over fear.
